## Mrs. Lelsie Hargis of Granville Entertains With House Party.

Mrs. Leslie Hargis charmingly entertaining with a house party at her home in Granville last week.

Those that enjoyed the affair were: Misses Ruby and Eva Pate, Leona Roberts, Dorothy Anderson, Reba Smith and Vivian Cooper of Gainesboro, and Wayne W. Hargis, of Nashville, and others from different points.

One special feature was the elaborate party given Monday night by Mrs. Hargis. The reception apartments were thrown together and artistically decorated in ferns and potted plants. An impromptu musical program was given, and a flower romance contest was an interesting feature. The guests were restricted to the boys and girls of Gainesboro, Granville, and Flynn's Lick. Assisting the hostess in receiving was her sister Miss Ruby Pate. The hostess was very attractive in a rose organdy costume with a corsage of sweet peas.

At a late hour an ice course was served in the dining room.

On Wednesday Mrs. Luther Sutton entertained the hostess and her guests with a prettily arranged six o'clock dinner. A delicious menu of several courses was served. The rest of the evening was enjoyed by driving.

Another interesting event of the week was the party given by Mrs. Thurman Dowell Thursday evening. Music was furnished by Misses Maddux, Cooper and Jackson. Frape was dispensed during the evening.

Kodaking, swinging, and other outings were enjoyed during the week.

The party left Sunday afternoon for their respective homes after pronouncing the best time of their life.

## Advises All To Not Come To California.

Taft, Cal.  
July 9, 1921.

Lee has been employed by the Keck Drilling Co., since the first of the year and was transferred to the coast about 6 weeks ago. It was not stated how bad he was hurt.

Quiet a number of men are in town now and lots of wells being shut down.

You boys that are at home better stay there, for you will never have another place like home in Calif.

The writer would sure like to be there to attend the pottracted meetings around Gainesboro and Sugar Creek.

Hoping this goes out in print. I thank you.

Lenord Biltby.

## Great Value of County Agent Work Being Realized In Tennessee.

The sentiment in favor of Extension work in Tennessee is growing stronger with each passing year is evidenced by the action taken by several county courts at their July terms. The McNairy County court, in regular quarterly session, by a vote of 25 to 15, passed an appropriation for the employment of a county agent.

Lake County voted an appropriation for a home demonstration agent. This work was discontinued in the county last December, but realizing the importance of the work decided that they could not get along without an agent. The place will be filled at an early date according to Miss Ruth Arey, district home demonstration agent.

The Cheatham County court voted an appropriation for the employment of an agricultural agent. The court was met by J. M. Dean, district Agent, and only two votes were cast against the appropriation. The county has been without an agent for two years and the court was anxious to re-instate the work.

In Sullivan County where the vote on appropriations for county agent work has been close heretofore the court increased the appropriation \$200 by a vote of 29 to 8.

County agricultural and home demonstration work in Tennessee is accomplishing wonderful things in the development of better farming and homes and the people of the state as a whole are more and more coming to realize its value.
